

Buffalo Coulee W.I. Amateur Hour Has Talent Aplenty

A capacity crowd and a goodly number of really fine entries enabled Buffalo Coulee W.I. to present another highly successful Amateur Hour in Kiefer's Hall, Wednesday, March 24.

The program consisted of 23 competing entries and several other offerings not in competition. Judges were Mrs. R. L. Simmermon, Irma; Mrs. George Theroux, Jarroo, and Mr. J. Johnson, Mannville. Mr. Stan Murray of Irma judged the western music. Mr. H. C. Nissen was Master of Ceremonies.

Some of the highlights of the programme were as follows:

Fourteen year Carol Garvie of Rodino, whose lovely rendition of "When Irish Eyes Are Smiling" won her first prize in her group Carol Matthews, Irma, whose fine recitation about Albert and the Lion kept everyone laughing and won her second prize in the same group. Her stay was in two parts, and, as the M.C. said truly, a markable piece of memory work. Everyone enjoyed Mrs. Bill Guy's tap dance, this being something we don't see in Irma very often. All the adult entries were very enjoyable, but the "Couple of Joes" who sang Bimbo, complete with costumes and make-up, really brought down the house. (We think that they should have been called "A Pair of Charlies" as they bore a strong resemblance to Messrs. Archibald and Wilbraham.) The western music competition was very popular. Lawrence Cook, Wainwright, gave a startling display of guitar and mouth organ music, playing both at the same time. Walter Cole and Roy Reber had two entries, one vocal and instrumental; these were so well received that they came back on stage after the programme to play again.

Others on the programme were the Buffalo Coulee W.I. Chorus which sang two numbers, Mrs. G. Theroux who gave

a very enjoyable reading, Mrs. P. Miller and Mrs. A. Fleming who sang two numbers and Mr. Nissen who played the violin.

A successful dance with music provided by Larson's orchestra completed the evening.

Following is a list of prize winners:

7-10 Years

Single Acts:

1. Lorraine Savard, piano solo.
2. Ethel Oldham, piano solo.
- (tied) Evelyn Hardy, recitation.
- Marjory Matthews, piano solo.

Double Acts:

1. Lois Taylor and Frances Inkin, piano duet. (No other entries).
2. Verla and Isobell Prior and Letitia Greer, trio. (No other entries).

16 and Over

Single Acts:

1. Mrs. Bill Guy, step dance.
2. Katherine Meyer, piano solo.

Double Acts:

1. (tied) Joan and Lily MacKay, duet, and A Couple of Joes, duet.
2. Irene and Coleen Archibald, duet.

3. Mrs. Harley Bars, Mr. Jim Kennedy, instrumental.

Western

Single Acts:

1. Lawrence Cook, guitar and mouth organ.
2. Jim Lingley, vocal and guitar.

Double Acts:

1. Walter Cook and Roy Piker, instrumental.
2. Harold Dooston and Jack Kennedy, vocal and guitar.

YPU Variety Concert Pleases Audience

The YPU presented their variety concert last Monday evening in a fairly large crowd in attendance. Our leader, Mr. Ingalls, acted as chairman, bringing forth the program which consisted of duets sung by Colleen and Irene Archibald, Colleen Archibald and Don Fischer, Sunny Archibald and Gordon Ingalls, presented an amusing dialogue in the negro dialect and Delta Synington and Marjory Matthews each gave a piano solo. Carolyn Morse also gave an accordian solo. The play, "False Pretences" was presented and the cast included Esther Allen, Wayne Pendleton, Jean Fleming, Charlie Allen, Flo Allen, Rodney MacDuff, Jeannette Pond, Ron Prior, Lorraine Smallwood, Bob Fischer and Hugh Ingalls.

Three colored films showing beautiful Canadian scenery were also shown. These films seemed to serve a double purpose, for they not only gave us a wonderful view of Canada, but also conveyed to us that Canada is a vast nation requiring many ministers to preach the Word of God. That is where St. Stephen's College comes in. The group sang three selections as a final number.

We wish to thank all those present for their generous support. Special thanks to Mrs. Simmermon and Mrs. Murray for their help and co-operation.

ERROR IN E.A.H.L. STATISTICS

In a recent issue of the Irma Times the E.A.H.L. Statistics showed that Albert Glasgow of Irma won 20 matches in his locality box. This was an error. Albert played the whole season without getting one misdemeanor.

Piano-making is a \$2,000,000 a year industry in Canada.

Legion Notes

The regular meeting of the Irma branch No. 112 Canadian Legion will be held in the Legion hall on Tuesday, April 6 at 8:30 p.m.

This meeting is of special importance to Legion members as our District Commander Selmer Hafo of Viking, will be in attendance to perform the official installation of the officers of the Irma branch for 1954.

A large turnout is essential as preparation must be made for the Annual Legion Sports which will be held on June 3, 1954.

Since its birth in 1925 the Canadian Legion has grown steadily and now is comprised of over 2000 branches in Canada's ten provinces, with a combined membership of over 250,000.

Easterly Echoes

The sympathy of the district is extended to Mrs. W. Patterson whose mother, Mrs. W. Watson of Edmonton passed away on Saturday, March 27.

Owing to the illness of Mrs. W. Sanders the Battle River W.I. met at the home of Mrs. M. Enger.

Mr. Stuart Fenton won the following prizes at the Spring Stock Show and Sale in Edmonton: Reserve Grand Champion Hereford Female: First prize Bull Calf Class, age group 1 April 1 to May 30, 1953; Second

prize in Get of Six Class Pair, male and female Hereford and in the open any breed stood 6th with 15 points. One stood 6th in class 30, one stood 6th in class 15, in Hereford futurity, the same female stood 6th.

Mrs. Jack Savard is a patient in the Wainwright hospital Little Gordon is staying with Mrs. A. Cook and Gloria with her grandmother Mrs. J. C. Savard while her mother is away.

Congratulations to Lorraine Savard who won a first prize at the Amateur Hour in Irma, also to Elaine Oldham who was a prize winner too.

At the W.I. 500 party held at the home of Mr. and Mrs. H. Morse Saturday night ladies 1st prize was won by Mrs. M. Christensen, gents first, Mr. M. Enger with consolation prizes to Mrs. F. Gardner and Mr. E. Fenton.

Mr. Julius Stougaard and Harold Morse took in two days of the Stock Sale.

Mrs. M. Christensen of Boston, Mass., spent a few days at the home of Mr. and Mrs. M. Enger. She was a former teacher of Sunny Brae school.

Articles Needed For Parcels for Korea

The Irma WM has made six good quilts to send to Korea and a parcel or parcels of quilts and clothing will be sent overseas in the near future. The need is very urgent and here is a list of articles which will be accepted for the Korean parcels:

Clothing — Men's, (much needed). Women's, all kinds—especially slacks. Children's—all kinds.

Beding — quilts, blankets, materials for covering quilts. Tailor's samples are quite useful for quilts and can be made up by the women of Korea.

Serving Supplies: — Buttons, thread, needles, pins — regular and safety-snaps and elastic.

Material for making clothes.

Yard lengths are very useful—flannellette and cotton. Socks are preferable to mitts but both are needed.

Anyone having any of the above articles to spare may leave them at the church parlor or with any W.M.S. member.

Postage on these parcels is very high and any monetary aid will be most acceptable.

Northern Nuggets

Mr. John Barss and Mr. Ivan Hardy took part in the Edmonton Stock Show last Tuesday.

Congratulations to former Education Point residents Mr. and Mrs. Martin Lovig of Jarroo who have a new baby girl born in Wainwright hospital on March 25.

Ay, telephone subscribers who not yet picked up their new phone books may get same in A. C. Carter's office, Irma.

Mr. and Mrs. W. E. Ramsay motored to Edmonton with Mr. and Mrs. Doug MacKenzie last week.

A fair crowd attended the Tri-City Association Bingo at Alberta on March 27. Mrs. Stanton Coulman won the final prize, a hot plate. Other winners were as follows: Frank Keller, Mrs. Art Larson (consolations)—Lorne Coulman and Clark Smith, Gaf Coulman, Del Smith, Edgar Jones, Red Larsen, Frank Keller, John Fleming, Mrs. Ted Thurston, Mr. Archibald Sr., Mrs. J. Dunbar, Mrs. Art Larson, Jimmy Allen, Mrs. C. Ramsey, Mrs. Edgar Jones (consolation Frank Keller), Del Smith (consolation Edgar Jones), Red Larsen, John Fleming, Roy Burton, Mrs. John Bars, (consolation Mrs. Stanley Jones), Mrs. S. Coulman, the hot plate.

A Triangle Association meeting will be held in Alberta school on Monday evening, April 5. A good attendance is hoped for so that we will not need to meet during spring work.

Mrs. Pert Prosser was a visitor to Edmonton last week where she attended the W.I. district conference as the delegate from Buffalo Coulee.

Mr. and Mrs. Louis Larson are this week while her mother is hospitalized.

We are sorry to hear that Dan Kuwica is a hospital patient and that baby Charlotte Haun has been under the doctor's care.

Mr. and Mrs. Walter Glover and family have moved to Wainwright from their home in the Avondale district. Following her auction sale on Tues., Mrs. E. Gunderson and son Richard are leaving to make their home at Kingman, Alta. The best wishes of the community go with these departing families.

Mr. Fred Clisdell returned home from bush camp on Sunday.

Mr. John Allen was among those attending the sale of purebred swine in Edmonton on Tuesday.

The dance at Education Point will now be April 9.

Jarrow News

Mr. Glen Belton was a city visitor on Tuesday.

Mrs. Black, Mr. Stan, Clarence and Emil Lovig have been visiting with their mother Mrs. Lovig.

Mrs. Lovig accompanied Clarence back to the city and has been visiting up there for a few days.

Baby and pre-school Children's Clinic will be held in Jarrow Hall on Tuesday, April 6 from 1:30 p.m. to 3 p.m.

The W.A. meets at Mrs. Geo. Bridgeman's on Tuesday, April 6, Hostesses, Mrs. Beer and Mrs. Bridgeman. Visitors always welcome.

The Community Club meeting is on Monday evening at 8 p.m. April 5.

The School Board meets following the Community Club meeting at 9 p.m.

A farewell party was held at the home of Mrs. Wright on Monday afternoon, for Mrs. Bilo who is moving to Kinseala. The afternoon was spent in games and relays. Lillian was then presented with a picture mirror and a sum of money for which she expressed her thanks.

A bountiful lunch brought a pleasant afternoon to a close.

Glen-Coa Gleanings

Mr. and Mrs. O. Raasok and little girls did not leave for Norway as they had planned to do last week. Obstacles arose which has prevented their leaving until a later date.

Miss Carmen Rude of Viking was a guest at the R. Erickson home last week-end.

A gift has been received from Mr. George Foreman to the Sharon Church fund in memory of Mr. O. Lovig.

Next Sunday afternoon, April 4, members of the Gideon Society of Canrose will present a program at Sharon Church at 3 p.m.

Saltcoats, Deriving Its Name From A Scottish Resort, Is A Centre Of Progress, Character

"I love this little old town," said a man who has lived in Saltcoats for 50 years when we chatted with him prior to the Board of Trade dinner at Saltcoats recently. "Should I leave here I know I wouldn't be happy anywhere else. Saltcoats has been very good to me. We have a grand lot of citizens and here I will always make my home."

Civic pride such as that is truly exemplary of Saltcoats and cannot be denied.

Deriving its name from a sea-side resort on the Ayrshire coast of Scotland, the little town of one of the most influential in opening up this portion of the west, Saltcoats and surrounding area is predominantly British and has always stood for British principles and traditions.

In the eighties the district was settled largely by people from the provinces of Scotland and Northern Britain, every county, the British Isles from Cornwall to the Orkneys and Shetlands being represented by one or more families. A large number of Highland Scotch families from the Hebrides and mainland were also settled in this district by the British authorities.

This parklike area, studded with popular bluffs and numerous lakes, comprises a good agricultural district which from the earliest settlement has always produced livestock in conjunction with grain-growing.

Forming a crescent about the townsite of Saltcoats, Anderson's Lake adds greatly to the beauty of the place. The town is a centre of citizens and many others who are coming in increasing numbers to the lake beach for summertime pleasures. Here the sports committee has built a playground for baseball, softball, golf,

and football stands second to none and the Dominion sports are excelled nowhere in the west.

Emblematic of the distinction of Saltcoats in subscribing its allotment 29 times in the second Victory Loan campaign during the First Great War—now a record for the Dominion—Salmon Arm, Hall and Prince of Wales' Honor Flag and 29 crests. Beside it is the Governor-General's Honor Flag and four crowns for the community's endeavour in the first Victory Loan. They maintain a similar record in War II.

Demonstrating their loyalty in a practical way, citizens of Saltcoats and district—one of hundred similar farming communities in Western Canada—gave the astounding total of \$350,000 toward the war effort. The same contributions were asked for war and victory loans in World War I. About \$2,500 of this was contributed by the local branch of the I.O.D.E., who also sent a carload of flour to Belgium. And there is much the same story in the last war.

The material wealth contributed, however, was but a small part of what Saltcoats gave in the two Great Wars. Voluntarily to the colors went the cream of her young manhood. Sleeping in makeshift barracks, they marched across Europe with the "Young and Almost All the Brave" are many Saltcoats lads. Their names are inscribed on a dignified cenotaph, erected by voluntary subscription, erected on a prominent hill overlooking the town. Behind the monument stands a captured field gun given as first prize by the Dominion government to the town and district over-subscribing their allotment in the victory loan during the First World War the largest in history of time.

The community has been greatly blessed by the sterling character of the men and women who first settled this area. Their high ideals of citizenship prompted them at many a time to render valuable services and also to provide the greatest possible facilities for the education of their families. The district has enjoyed a high level of economic prosperity due to their foresight and integrity.

Many of the original settlers of the first settlers are now holding responsible positions in almost every line of human endeavor in the Dominion of Canada and elsewhere. His Worship, Mayor Ford, said at recent banquet Saltcoats has won a place of prominence in both national and international exhibitions.

REGINA SCENE OF 1955 BRARI CURLING PLAYOFF

The next Macdonald's Briar curling championship will be held in March 1955. G. C. Boyd, originally the new president of the Dominion Association, Boyd, who was elected at the annual meeting held March 3 in Edmonton, succeeds Emmett Smith of Bourlamaque, Que., who now goes up to the honorary president's seat. It is Regina's Golden Jubilee in 1955.

Pembina, Alberta's Richest Oil Field

Alberta's new Pembina oil field has reserves between 762,000,000 and 802,000,000 barrels. It is estimated that oil pipeline companies seeking permits to pipe oil from the area 75 miles southwest of Edmonton.

Estimates of recoverable crude might make Pembina the largest field in Canada. Redwater, long regarded as the country's largest oil field, is estimated to contain at more than 500,000,000 barrels.

The three companies want to connect Pembina output with transmountain and interprovincial pipelines.

NEW BAND
LLOYDMINSTER, Sask.—After less than a year of existence this town has a new organization called the Lions Community Band. Under bandmaster Bob Bourassa they held their first public concert in February.

JAPANESE ENVOY HONORED—Miss Mary Iwassaki, left, of the Quebec Citizens' association, presents a bouquet to the wife of Sadao Iguchi, Japan's retiring Ambassador to Canada, while the ambassador looks on. The couple with their daughter, changed trains in Montreal on their way to Washington, where His Excellency will serve as Ambassador to the United States.

First White Woman In Fort Edmonton District Was A Wonder To Indian Women

EDMONTON.—The first white woman known to have lived in the district around Fort Edmonton was Marie Lagimonier, who came west with a trading party in 1808. Her son, a son, had married Maria Quebec in 1805. To the Indians, wives of the fur traders in the northwest, Marie Lagimonier was a wonder—she was white. The squaws are said to have waited on her hand and foot and to have handled the strange white creature like a delicate toy.

A baby boy, said to have been the first white child born in the first white child born in the district, jumps at least 50 years to the day of Rev. George McDougall and Mrs. McDougall in the 1860s.

There are three kinds of twins—identical, fraternal and Siamese.

Veteran Weekly Newspaper Publisher Dies At Craik

One of Saskatchewan's veteran weekly newspaper publishers, Lee Bronson, 80, of Craik, was buried recently in the town where he first came to homestead in 1906. Mr. Bronson died at his home in Craik after a long illness.

The service for Craik's long-interest in tee wee hockey in the town and west as well as a baseball enthusiast. He was another of his outdoor hobbies.

Surviving are his wife, and a daughter, Mrs. Fred Ware, of Craik. One brother, Byron, lives at Muskogee, Okla.

Since his contracted illness, which began 10 years ago, Mr. Bronson's papers have been published under the supervision of Charlie Honcharuk, who joined the paper in the twenties.

The southern end of Lower California is about the same latitude as Arabia.

Now Many Wear FALSE TEETH With More Comfort

Plant stands come in a wide range of styles and today's pattern gives directions for making two entirely different types. The shadow and solid wood patterns fit four-inch pots hangs on most any room in the house. While the terraced stand was designed for a bay window, it can fit any room in any sunny angle. It is three feet ten inches high with the top shelf fourteen inches wide and the bottom shelf thirty inches long. To get the green and white rope effect which borders the shelves by tracing the setting and painting directly on the wood. This is a well-balanced stand that is suitable for small pots of African violets or large geranium plants. Price of pattern 366 is 35c postpaid.

This bluebird house is a personal favorite both with us bird lovers and with those that like the bluebirds that like to use them. The pattern also gives directions for a popular wren house. My husband and I have made many of these two styles and feel well paid each season as they are always occupied by seemingly happy families. The pink deer head depends too upon the great outdoors at the gables ends of the house and the garage is the favorite place for house wrens. High in a tree stand among the trees or in a corner of the lawn seems to be preferred by bluebirds. Pattern 277 with both designs will be mailed as soon as order is received. The price is 85c.

Quick Food Energy

3 different Cheese-flavored Treats from One Basic Dough!

Clever one-oven tricks with FLEISCHMANN'S YEAST!

BASIC CHEESE DOUGH

Scald:

1 1/2 cups milk
3 tablespoons granulated sugar
1 1/2 teaspoons yeast
3 tablespoons shortening

Remove from heat and cool to lukewarm.

In the meantime, measure into a large bowl:

1 1/2 cup lukewarm water

1 1/2 teaspoons granulated sugar

1 1/2 teaspoons yeast dissolved in 1/2 cup lukewarm milk mixture.

Let stand 10 minutes, then stir well.

Stir in lukewarm milk mixture.

Stir in:

2 1/2 cups, once-sifted bread flour and beat until smooth and elastic. Place in a greased bowl and cover.

Work in:

2 1/2 cups more (about) once-sifted bread flour

Turn out on lightly-floured board and knead dough until smooth and elastic. Place in a greased bowl and cover.

Cover and let dough rise until double in bulk.

Turn out dough on lightly-floured board and knead lightly until smooth. Divide into portions and finish as follows:

1. CHEESE LOAF

Shape half a batch of dough into a loaf 12 by 5 by 3 inches. Grease top. Cover and let rise until double in bulk. Bake in a moderately hot oven, 375°, about 45 minutes.

2. MARSHMALLOW BRAID

Roll out a quarter of a batch of dough into a 12 by 5 by 3 inch rectangle. Cut into three strips with water and roll lightly in cornmeal.

Place strips side by side. Cover and let rise until doubled in bulk. Bake in a moderately hot oven, 375°, about 45 minutes.

3. CHEESE BREAD STICKS

Cut a quarter of a batch of dough into 12 equal-sized pieces and roll one at a time into sticks 12 inches long. Place on a greased cookie sheet. Cover and let rise until doubled in bulk. Bake in a moderately hot oven, 375°, about 15 minutes.

Gordon Stalker, Auctioneer, Lic. No. 24, L. Rasmussen, Clerk.

Since wheat can be produced about anywhere in the world Canada can expect to remain one of the world's top line suppliers only so long as competitive advantage is not destroyed by artificial factors, such as International price agreements.

If these are not Mr. Mason's words we will be glad to correct them for regularity, what our own members say to be would hardly be expected that such a statement would be made in the legislature by an elected representative of any constituency.

In making such a statement Mr. Mason is not only speaking against democracy as we know it, he is also putting himself on a plane above all those who choose to place their confidence in the "line" parties.

We can hardly believe that Mr. Mason feels that he is possessed of superior qualities of statesmanship than those Liberals and Conservatives of great stature who have guided the helm of our nation since Confederation."

VIKING RINKS HAVE WINNING WAYS

(From The Viking News)

Two rinks from the Viking curling club took part in the sixth annual Alberta Provincial Elks Bonspiel held at Calgary last week.

According to the report in the Calgary Albertan this is how our representatives made out in thespiel:

"Lumin Dobry's smooth-playing Viking rink romped to the top of Safeway's event by shading Neil Campbell of Okotoks 12-11 in 1 p.m. semi-finals and defeating Steve Logos of Calgary in final draw, Logos had a terrific record of nine wins with one loss.

Dobry also coppered Elks Event. Four rinks by downing James Meikle of Calgary 7-5 in 10:30 semi and squeezing out a 11-10 decision over Tommy Elliot of Calgary in 3:30 p.m. finals.

Even Six: 1. McArthur, 2. Hutton of Calgary; 3. Hay of Acme; 4. McIntyre of Viking."

The local Elks state it was one of the best bonspiels held in Alberta this year, there being 97 rinks entered.

Dobry's rink went through the spiel with 13 wins and one loss.

Prizes won were a trophy and four "Easy" electric ironers, and four gladstone bags.

Dobry's rink consisted of Lumin Dobry skip, Tommy Lentz third, Alex McCauley second, and Johnny Prate lead.

Lloyd McIntyre's rink, Lloyd skip, Len Loades third, Helmer Hanson second, Neil McMillan third.

Kinsella News

Congratulations to Mr. and Mrs. G. Beaton on the birth of a son.

A very successful sale was held by Mr. and Mrs. E. Mark on their farm northeast of town on Thursday, March 25.

Mrs. H. Long is spending a few days in Edmonton.

The monthly meeting of the Ladies Aid will be held on Thursday, April 1 in the church at 2:30 p.m.

At the monthly meeting of the W.L. Mrs. C. Turnbull, a valued member, who is leaving Kinsella, was given an A.W.I. pin as a parting gift. At this meeting it was decided to donate \$10 each to the A.W.I., arthritis and Red Cross funds. A quilt is being made to send to Korea.

L.A.C. Murray Davis spent a week-end leave at his home here.

Plan to attend the Bingo sponsored by the Kinsella Elks Lodge on April 7.

Donation to the Kinsella Uni-

Gas Kings Trim Big Six All Stars 3 Games Straight in Challenge Series

(From The Viking News)

The Viking Gas Kings continued their winning ways by defeating the Daysland North Stars, champions of the Big Six hockey in an inter-league series scheduled for five games, but the Gas Kings wound up the series in three straight.

In the first game played here last Wednesday, the Gas Kings emerged victorious after a ten minute overtime period 3 to 2. Somewhat relaxed from their grueling series with Vegreville and Vermilion, the Gas Kings put on a magnificent display of hockey to overcome the North Stars who were bolstered up with the "cream of the crop" from Hardisty, Sedgewick and Killam teams.

Friday evening the second game was played in the Killam arena when the Gas Kings again showed their superiority by downing the hustling North Stars 5 to 4.

The third game played at the Carena Monday evening before a crowd of over 900 the Gas Kings took an early lead when sharp shooting young Masson scored with an assist from Messmer, the elongated defence man. In the second period, Proctor headed one past the Daysland goalie assisted by brothers Tom and John Dunnigan, the colorful twins. The North Stars were held scoreless in the first and second frames.

In the third period, Larry Proctor, the flashy Gas King forward carried the rubber through the entire North Star team to score unassisted. John Dunnigan followed suit with an assist by coach Lewis. The Daysland champs not to have a shut-out registered against them, put on a terrific spurt that netted them two goals before the horn sounded finis. They kept goalie Bantle as busy as a one-legged man at a kicking match when Gillespie made a fluke goal assisted by Art Brown, and just a minute before time ran out,

Hendricks sent one past Bantle that almost tore the nets apart. Score, Gas Kings 4, Daysland 2.

Both teams put up a swell game.

DONATIONS

The following donations have been received in memory of the late Mr. Olaf Lovig:

To the United Church Memorial Fund: Mr. and Mrs. Earl Burr; Mrs. McKay and sons; Maxine and Louis Larson; Mrs. Chase and Lloyd Allen; Mr. and Mrs. J. Craig, Renwick and Clarence; Mr. R. Hansen.

To St. Mary's Memorial Fund: Mr. and Mrs. F. T. Thurston; Ross and Ethel McFarland; Mr. and Mrs. C. Firkus.

To the WMS: Mr. and Mrs. M. T. Knudson.

To the Protestant Home for Children: Mr. and Mrs. J. Jackson; Mr. J. Hedley.

To the Cancer Fund: Mr. J. and Miss Donoghue; Mr. and Mrs. A. C. Charter; Mr. and Mrs. Wesley Bacon and family; Mr. and Mrs. G. Coulman and family; Mr. and Mrs. H. Allen; Mr. and Mrs. J. Kennedy and family.

To the United Church General Fund: Mr. and Mrs. C. Smallwood and family.

To The Editor

NURSING HOMES NEED TO BE REMEDIED

Sir:—Knowing that the basic standard of our government is humane, topped off with practical idealism and social integrity, and that our official representatives must of necessity be ever on the alert to establish and absorb into the system of our public life just and honorable laws and practices — in view of all this, corrective reports need at times to be made regarding human activities.

Last winter, I entered a nursing home.

While there, I saw one elderly woman or more sharply slapped, fiercely spanked, forcibly pushed, obliged to resort to unsanitary lavatory conditions, allowed insufficient water for drinking, bathing and other purposes, bullied and threatened.

I could but think: If this is of the best, God pity the inmates of the worse.

Fred Douglas, born in slavery, said he prayed for freedom 20 years, but that the prayer which was answered was the one he made with his legs when he ran away from bondage.

As I cried for God's mercy on these poor unfortunate, so must I make tangible effort to release them.

How? Where to start to get these cleverly concealed practices known to an unsuspecting public? Surprise, doubt, confusion, perhaps many other objections might pile up against exposure of a system so incorporated into general acceptance as is that of the "nursing home" — a name that is becoming a travesty.

After an SOS call brought friends as magicians to take me away from this horrible place at once, I lent my every energy of voice and pen to broadcast in my small way some of the facts to our people, who, once knowing, would make short work of existing conditions. In interviews with leading citizens, MLAs, cabinet ministers and others I have tried to make known what I witnessed.

It remains with the people of this province to see that the conditions in our so-called nursing homes are remedied.

Spotlight on HEALTH

by Science Columnist

New Frontier in Medicine

One of the most exciting new frontiers in medicine is in the control and regulation of human metabolism. Metabolism is the functioning of various cells in the body to provide the energy necessary for life.

Dr. Hans Selye, the noted Montreal physiologist, believes that in the understanding of these functions may lie the key to the conquest of many diseases.

The hormones secretions of the internal ducts and glands, are the body's chemical messengers in the regulation of metabolism and life.

Only in the past decade have scientists gathered exact knowledge of how the hormones work. Out of this has come a radically new concept of disease.

Dr. Selye has offered a theory explaining between 30 and 40 diseases including high blood pressure, arthritis and rheumatic fever, as a result of an abnormal body reaction to what he calls stress. The hormones play the central role in this theory. Stress is a factor in all disease. It was found to respond dramatically to hormone drugs such as Cortril. This hydrocortisone compound urges the adrenal gland to release hormones that relieve the inflamed tissues and permit movement of the affected joints.

Whenever the body is subjected to extreme strain, such as extreme cold, emotional shock or injury — there is always an outpouring of hormones from the adrenal glands. These hormones help the body compensate for the stress, but exactly how they do this is not known.

Dr. Selye thinks that after repeated stresses the body becomes exhausted and what he calls "an adaptive disease," such as arthritis, results. This theory can explain a basic unity for seemingly different diseases, which in turn may lead to better treatments.

It remains with the people of this province to see that the conditions in our so-called nursing homes are remedied.

EDMONTON REPORT

By Donald F. Smith

EDMONTON — A small government pamphlet on gasoline prices published a few months ago, caused repercussions in the current session of the legislature and led to a large-scale debate on oil and gasoline prices and whether the government is setting them or should set them.

Opposition Leader J. Harper Prowse, Liberal, contended that the setting of production quotas by the Alberta Petroleum and Natural Gas Conservation Board constitutes indirect price-setting by the government. Each month the board reviews the available markets for crude oil and establishes quotas for individual wells.

Mr. Prowse contended that if the markets were not shared province-wide by producers, the smaller companies would be forced to seek markets and might be willing to lower their prices to them.

Premier Manning replied that if the system of pro-rating the markets and setting production quotas was not used the smaller companies would be forced out of existence. He maintained that the quota system was not indirect price-fixing.

COC Leader Elmer E. Roper compared the setting of gasoline prices by petroleum companies to the setting of natural gas and milk prices by the province's public utility commission. He believed the oil producers should have to state their case for gasoline price increases to the commissioners. His request that a price inquiry be established was rejected by the premier on four counts.

Mr. Manning said such an inquiry, for which the Alberta Farmers' Union has been pressing, would encounter difficulty in trying to obtain experts' agreement on life-expectancy of oil wells, expected amount of oil to be recovered, how much the cost of exploratory work should be charged in oil and gasoline prices and over what period, and administrative costs of companies which operate on a worldwide basis.

As to the pamphlet itself, Prowse and Roper argued that the prices quoted for Edmonton and those for some American cities were not fair comparisons, because the American cities quoted were farther from refining facilities. Premier Manning replied that the government was not trying to prove anything by the pamphlet, which he said was produced after several representations by the farm union.

Nevertheless the opposition speakers believed a publication of that kind should have been produced by the oil companies, not the government.

Also in the automotive field was the consideration by the legislature of the CCF's perennial questioning of the government's progress toward a province-wide system of compulsory car insurance.

Hon. A. J. Hooke, minister of economic affairs, told the house the matter of car insurance is under study but at the present time government is convinced it would be impossible to provide motorists with low-cost protection without subsidization of the program from the provincial general revenue fund. He called for rejection of the CCF motion which would express regret that the plan had not been implemented. The defeat was registered on a voice vote.

Mr. Roper said the CCF government in Saskatchewan operates its car insurance plan without subsidization and to arguments that rates are continually going up, he said the rates are of secondary importance to the necessity for adequate protection for all.

Insurance of another kind was on the minds of the Liberals, who introduced a motion calling for a province-wide health insurance scheme. It was debated at length, two amendments were introduced and the house ended it by passing a resolution identical to one approved last year.

First, the CCF members in

would have called on the federal government to institute a national health insurance scheme. Then Premier Manning did a retake on the Social Credit resolution passed last year which urges the federal authorities to implement a plan proposed in 1945 for the provision of unconditional subsidies to provincial governments for health service programs. The federal government would pay up to 30 per cent of approved health schemes. Hon. Dr. W. W. Cross, health minister for Alberta, contended that the provincial-municipal hospital scheme is being developed so that Alberta will be ready to take advantage of the federal proposal when it becomes effective.

West's Biggest Wooden Elevator At Dauphin, Man.

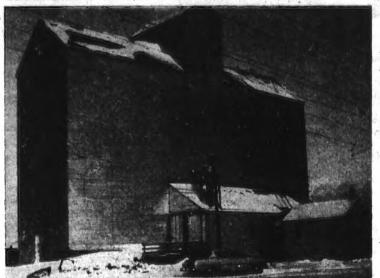

Photo courtesy of THE ANTHONY CO.

The Manitoba Pool Elevator "C" at Dauphin, Man., erected 1953-54, differs from the ordinary country elevator in many ways. In the first place, it is the largest cribbed or wooden elevator in Western Canada with a capacity of 170,000 bushels. It is all one unit built on one foundation. A continuous slab or mattress extends the full length of the building, which is 116 feet. It has 51 bins, all copper bottomed, and two elevator legs that carry the grain to the head or cupola of the building.

From there it is distributed to farmer can, if he wishes, receive his screenings back to take home for stock or sheep feed. Thirdly, the bins are built so that grain falling in the rejected class on one count of foreign matter or grain when a load of grain is delivered to this elevator it is weighed, then dumped by an electric hoist which eliminates a lot of work associated with the old fashioned elevator, as this one raises the front end of the truck so high that the use of shovels and drag hoses are not necessary.

Naturally in an elevator of this size and capacity, a larger volume of grain will be handled than with the old fashioned elevator, as this one raises the front end of the truck so high that the use of shovels and drag hoses are not necessary.

There are four augers, two at the top of the bins and two under them. The latter two are used to bring the grain back to the pits for loading into cars, cleaning or whatever purpose necessary.

The legs are powered by two motors—15 and 10 h.p. respectively. The augers each have 7½ h.p. motors for power.

The grain bins over the cleaner, which is above the rear work floor, all bleed into the cleaner. This saves re-elevation when it is necessary to clean grain.

The Manitoba Pool is not only a grain handling organization but is also a producer of their own clean seed, one of the reasons for this large modern cleaner. In the spring or late winter the farmer can bring his seed grain in and have it returned to him in clean condition, which eliminates the time-consuming, waste-breaking job of cleaning at home.

The cleaner is also used to remove foreign grain from the foreign grain in the grain delivered when it is shipped. This has many advantages, one being no freight to pay on material of no commercial value. Secondly, a

Mustard-Pickle Dumplings

Mix and sift into a bowl, 1½ c. once-sifted pastry flour (or 1½ c. once-sifted all-purpose flour), 3 tps. Magic Baking Powder, ½ tsp. salt. Cut in finely 2 tbs. chilled shortening. Make a well in dry ingredients and add ½ c. finely-chopped mustard pickle, in sause and ¼ c. milk; mix lightly with a fork, adding milk if necessary, to make a drop dough. Drop in 6 portions, over hot cooked stew. Cover closely and simmer (never lifting the cover) for 15 mins. Yield—6 servings.

Always Dependable

Funny and Otherwise

New Secretary: "Where do we keep the round envelopes?"
Office Manager: "Round envelopes? What do you want them for?"

New Secretary: "The boss said for me to mail out some circulars."

With her well-heeled barrow, the portly woman was making a gallant effort to reach the top of the hill.

A man who was passing, seeing her struggle, lent a hand. After sustained effort the top was reached.

She was grateful. "Thanks, lad; do you smoke?"
"I do," he said hopefully.
"Ay," she replied, "I thought as much, the way you've been puffing and blowing!"

"You plead guilty to stealing the overcoat," said the magpie.
"Give you anything to say?"

"Yes, your worship, I had to have the sleeves shortened."

* * *

A young husband realized it was time to start saving money. He decided that he would not use the bus any more when traveling from his office. He ran home, packed, and said to his wife: "Darling, I saved 10 cents this morning by running behind the bus."

"You're a fool!" said his wife. "Why didn't you run behind a taxi and save half a dollar?"

* * *

Next door hens were constantly coming through a hole in the ceiling of the cleaner. The Joneses painted several times, but the hole was never mended. At last Mrs. Jones said firmly: "I've had enough of this."

The next evening Mr. Jones met his neighbor patching up the ceiling with wire and haste. He went into the kitchen and said to his wife: "What did you do?"

"Nothing, dear," she replied with a smile. "I just put four eggs under one of our bushes and made sure he saw me collect them."

The next evening Mr. Jones met his neighbor patching up the ceiling with wire and haste. He went into the kitchen and said to his wife: "What did you do?"

"Not a bad beginning, sir," he said, patronizingly: "bit of scientific and modern, perhaps, but quite fair. Remember, person, you must feed the sheep, feed the sheep."

The vicar surveyed his bulky critic, and replied, "My dear man, it's exercise you need, not food."

A well-known American author met an old man called Uncle Joe, who was always cheerful in spite of having had more than his share of life's troubles.

"How have you managed to retain your calmness and cheerfulness in spite of them all?" asked the author.

"Well, sir, Ah'll tell you," replied Uncle Joe. "Ah's just learned to co-operate with the inevitable."

A well-known woman was famous for her charity to those less fortunate than herself. She was always quick to know of the distress of others to relieve it. She returned to her table in a night club recently and informed her husband that she had just given \$200 to the women in charge of the ladies' cloak-room.

"What's the matter with you?" asked her husband, angrily. "What's the idea of spending money like that?"

The woman's eyes began to dim with tears. "The poor thing," she explained, "told me she had no television set."

Among the most densely populated places in the world is Hong Kong with 5,148 persons per square mile.

3081

Saturday Most Dangerous Day for Driving

REGINA—Saturday is still the most dangerous day to drive, while Monday is the safest, according to statistics released by the Highway Traffic Board.

During 1953, almost 22 per cent. of some 3,382 injuries which occurred in motor vehicle accidents took place on a Saturday, while almost 30 per cent. of last year's 124 traffic fatalities occurred on the same day.

Tuesday was the next worst day for traffic fatalities last year followed by Friday, Sunday, Wednesday, Thursday and Monday in that order.

Although Saturday is the second day for injuries occurring in motor vehicle accidents was Sunday, followed by Friday, Thursday, Tuesday, Wednesday, then Monday in that order.

Approximately 65 per cent. of last year's highway fatalities, and 70 per cent. of injuries occurring in motor vehicle accidents took place between the hours of one p.m. and midnight.

Early Vaccination Of Horses Urged

SASKATOON—Prairie farmers have been reminded of the vaccination of horses against encephalomyelitis, a type of sleeping sickness widespread in western Canada.

Dr. J. S. Fulton, head of the University of Saskatchewan's virus laboratory, said that vaccination programs should be completed in April or early May. Incidence of the disease among horses has been high, he said, and farmers left their orders for vaccination until mid-summer or later.

The next year horses were constantly coming through a hole in the ceiling of the cleaner. The Joneses painted several times, but the hole was never mended. At last Mrs. Jones said firmly: "I've had enough of this."

The next evening Mr. Jones met his neighbor patching up the ceiling with wire and haste. He went into the kitchen and said to his wife: "What did you do?"

"Nothing, dear," she replied with a smile. "I just put four eggs under one of our bushes and made sure he saw me collect them."

The vicar surveyed his bulky critic, and replied, "My dear man, it's exercise you need, not food."

IN ALBERTA

Experimenting With Muskeg Land To Develop Wild Berry And Fruit Industry

Wild fruits and berries may be grown in marketable quantities in the muskeg and sandhill areas of Alberta if experiments being undertaken by the Plant Sciences Department of the University of Alberta prove successful. A 40-acre tract of beaver-dam bogland near Rocky Mountain House has been obtained from the Department of Lands and Forests and a long-range program will ascertain whether native fruits and berries can be bred and crossed with tame varieties to produce large-fruited hybrids.

While the interest in the first experiments with blueberries and wild cranberries varieties listed as worthy of study include Saskatoons, wild strawberries, pin cherries, gooseberries, northern black currants, stemmed and wild raspberries, cloudberries, dewberries and musashberries.

Scientists have been unable to cross such large-fruited varieties as the blueberry highbush and the bog cherry with native species of these plants. The goal will be to produce a large-fruited hybrid—one which can withstand severe winter conditions through being hardy and strong enough to hold its snow. At the same time it must yield a fruit which can compete in cost and quality with those grown in other parts of Canada.

These experiments will be conducted by a panel of scientists and will provide an accurate botanical survey of the habits of wild fruits in Alberta. This information will serve as a guide to those who would plan to utilize the muskeg and sandhill lands for fruit production.

It is now being realized that these lands are marginal as far as general farming practices are concerned," stated Dr. Hilton, "so there would seem to be a definite place for the production of special crops such as native fruits."

A queen bee lays about two thousand eggs a day.

Helps You Overcome FALSE TEETH Looseness and Worry

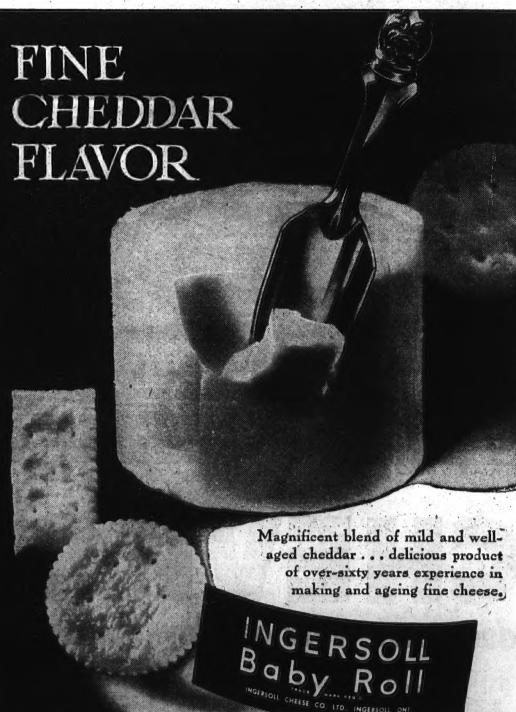

No longer be annoyed and feel insecure because of loose, wobbly false teeth. FASTEETH is an improved alginic acid denture base containing certain ingredients that hold your plates firmly so they fit better and stay in place longer. No disengagement caused by loose plates. Get FASTEETH today at any drug counter.

PILEs that Itch and Burn

If you have trouble from the irritating sore and burning piles of piles you can be helped. Mr. and Mrs. V. Hutchinson were Edmonton visitors, this week.

Mrs. Adam Miles has undergone an operation in Wainwright hospital.

Mrs. O. G. Griffiths, Mrs. Dennis McCafferty and Miss Lillian Tweedy of Wainwright were visitors on Friday last at the home of Mr. and Mrs. H. Riley. Mrs. Faulkner of Wainwright was also a member of the party motoring to Irma. She spent the day with her sister Mrs. Wesley Bacon.

A donation to the Alberta Protestant Home for Children has been made in memory of the late Mr. M. Wellington Watson by the Battle River W.I.

A further donation to the Cancer Fund in memory of the late Mr. T. E. Yarr has been made by Mr. and Mrs. Frank Allen of Jarrold.

On the afternoon and evening of March 30 Mr. J. C. Wood held "open house" to his many friends and admirers. The occasion was his 94th birthday. Mr. Wood, who seemed to be in the best of health and spirits, received hot house flowers, birthday cakes and candies, cards and gifts of all sorts. He told his guests about two voyages he made across the Atlantic in a sailing vessel. One was a slow boat taking 42 days, while another was very fast, for salt, and was accomplished in 19 days. Mr. Woods' friends are already laying plans for March 30, 1955.

Mr. and Mrs. Rohrer were Edmonton visitors last week where Mrs. Rohrer attended the W.L. conference as Irma delegate. Mrs. Ernie Rae also attended the conference.

Mr. and Mrs. R. O. Larson attended the Bull Sale in Edmonton last week and went on to Millet to visit with Mrs. Larson's Sister there before returning to Irma.

Mrs. M. Christenson has been renewing old acquaintances in Irma this week.

Word has been received of the death of Mrs. Graydon, former Irma resident who has latterly been living in Edmonton.

Mr. Anshill is opening a watch repair service in Steve's Shoe Shop. There are rumours that a shoemaker is also to open up for business here shortly.

4H Beef Club Takes in Spring Show and Sale In Edmonton

On Tuesday, March 23, thirty-two of the 4H Beef Club members, journeyed by car to Edmonton. Arriving at 10 o'clock we went straight to the Sales Pavilion. Here our cattle were judged. Hereford being judged by Emily Rose of Taber, S.D. Shorthorn, judged by Henry Washington, Ning Man, Aberdeen Angus judged by Charlie Yule, Calgary. In the Hereford competition, Stuart Fenton's heifer won reserve championship. After dinner we observed the Junior Calf Feeding competition of classes 1, 2, 3 and 4. This included beef calves, Aberdeen Angus calves, Shorthorn calves, Hereford calves. Keith Barr of Vermillion won the over-all championship in the junior competition with his Hereford calf. Ethel Creech from Wainwright held first place in the Shorthorn section. Deanna Toupe from Wetaskiwin won first in the Aberdeen Angus section. Best junior showman was Billy Robinson of Vermillion. The animals shown were of the best type and were really beautiful to see. Due to snow falling rapidly we didn't stay in any social events. We arrived home about 9:30 after a well spent day. The club wishes to say special thanks to Albert Firkus, the senior committee and to those who so kindly drove up their cars.

Card of Thanks

I wish to sincerely thank the many friends who sent me cards, fruit and letters and the doctors and nurses in the hospitals, also those who visited me while there. Especially the folks of the C. and M. Alliance Tabernacle for the loving thoughts and prayer which surely help.

Psalm 91-1 and 2.

—Mrs. Ray Reber.
